### Caterpillar C7 Recall - Read About C7 Recalls & Complaints ...

Even though you have replaced the fuel pressure regulator, you could have a problem with the fuel transfer pump. I would install a PSIgauge and check the fuel pressure while cranking. The C7 needs at least 25 psi to start. If it is low, you most likely have a weak transfer pump.

### C7 ACERT CAT with starting problems - Please help.

I'm a small towing company and my 2004 Ford F650 with a C7 Cat engine is a money pit. We were having problems with it running rough and white smoke. Took it to shop and replaced injectors cost ...

### Top 230 Caterpillar Reviews - ConsumerAffairs

C7's are good engines. However, the fuel pumps can fail and will put metal into the injectors. Cat would suggest full injector replacement and fuel pump, as well as cleaning out the fuel rail inside the head. This most often happened after they were ran out of fuel.

### Caterpillar C7: epic piece of shit, or just misunderstood ...

Valve breakage is a very common problem on the C7 and its forerunner the 3126B. However the mileage is usually in excess of 200,000. I have know several that have had the same problem. Almost always the very last valve on the number 6 cylinder.
