### Investor Protection In Europe Corporate

EU policy in the area of corporate governance and capital markets is being reoriented. Harmonization is less frequently seen as a concept in company law, regulatory competition is on the rise, and experiments in soft law are being carried out. Several member States have recently reformed their corporate laws, either as a reaction to financial scandals or in an effort to enhance investment.

protecting established investments/investors through commitments to fair treatment for investors or guarantees of compensation in case of expropriation. Investment facilitation. Through investment facilitation, the EU seeks to encourage the setting up of a more transparent, efficient and predictable business climate for investors.

### Investment - Trade - European Commission

The directive does not cover investment risk, such as when an investor has bought stocks which then fall in value. The directive requires EU countries to set up one or more investor compensation schemes, ensuring a minimum level of compensation per investor of €20,000. All firms supplying investment services must belong to such a scheme.
